

**REGIONAL TRAINING
NUTRITIONAL ASSESSMENT UPDATES
2-day LECTURE AND SEMINAR**

Guest lecturer: Prof. Rosalind S. Gibson
Author of "Principles of Nutritional Assessment"
Research Professor at the Department of Human Nutrition
University of Otago, New Zealand

First Announcement - Limited Seats

Venue

SEAMEO Building, Jl. Salemba Raya 6, Jakarta 10430, Indonesia

Wednesday, Sep 2, 2009

DIETARY ASSESSMENT

- ⇒ Common mistakes in selecting dietary assessment methods to meet a given objective
- ⇒ The interactive 24-hour recall techniques
- ⇒ Semi-quantitative FFQ development
- ⇒ Evaluation of dietary data validity (i.e. under-reporting) and its implication for further use of dietary data
- ⇒ Assessment of reproducibility and validity including use of biomarkers
- ⇒ Issue in dietary data analysis, presentation and evaluation
- ⇒ Food composition database issue: handling mixed dishes, adjusted vit.A
- ⇒ Bioavailability issue: estimating the bioavailability of iron and zinc using dietary intake data

Selected presentations of studies on dietary assessment techniques

Thursday Sep 3, 2009

BIOCHEMICAL ASSESSMENT

- ⇒ Assessment of Zinc, Iron and Iodine
- ⇒ Monitoring inflammation and infection using acute phase proteins: implications for nutritional assessment

ANTHROPOMETRY ASSESSMENT

- ⇒ Anthropometry assessment for community and clinical purposes
- ⇒ WHO 2005 growth references

Selected presentations of studies on biochemical and anthropometry assessment techniques

Seminar fee:

	Indonesian Participant	Foreign Participant
<i>Before July 31, 2009</i>	Rp 1.500.000*	USD 225*
<i>After July 31, 2009</i>	Rp 1.750.000*	USD 275*

* with textbook plus USD 65 (Rp. 700,000)

Course fee includes: module/ participant handouts, computer facilities, internet access, snacks, and lunches

All fees should be paid in advance and transferred to:
